Notes:

1. Effective April 2018, Core inflation data are compiled using the new basket of goods and services derived from the 2017 Household Budget Survey.
2. CORE1 excludes "Food, Beverages and Tobacco" components and mortgage interest on housing loan from the CPI basket.
3. CORE2 excludes Food, Beverages, Tobacco, mortgage interest, energy prices and administered prices from the CPI basket.
4. The annual average method compares the average level of prices during a twelve-month period with the average level during the corresponding previous twelve-month period.
5. The year-on-year methodology is computed as the change in the Consumer Price Index (CPI) for a given month compared with the same month of the preceding year in percentage terms.
