

## PUBLIC NOTICE

### Bank of Mauritius issues new polymer Rs100 banknote

20 June 2025

Following a Public Notice issued by the Bank of Mauritius (Bank) on 2 December 2024 and in accordance with section 35 of the Bank of Mauritius Act 2004, the Bank is introducing new Rs100 polymer banknotes. Though the new polymer banknotes may look very similar to the paper ones, they, however, have a transparent window and feature an image of a dodo with a Swing™ feature.

The new Rs100 polymer banknotes will be used alongside the existing paper banknotes, both of which will remain legal tender. The Bank is working closely with financial institutions and cash handlers to ensure a smooth transition to the new banknotes.

Polymer banknotes in Rs200 denomination will be issued in the course of this year.

For more information on the security features of the new polymer banknotes, please visit the Bank's website at <https://www.bom.mu>.
