¹ 2011 and 2012 data have been revised and are not strictly comparable to previous years and 2013. This is largely due to revision brought in 2011 and 2012 balance of payments statistics, which have been supplemented with results obtained from the Foreign Assets and Liabilities Survey (FALS 2013) conducted last year. Direct investment data, besides equity, now also include reinvested earnings and shareholders' loans.

Figures may not add up to totals due to rounding.

Source: Statistics Division.

² Preliminary estimates. 2013 data will be revised once FALS 2014 results will be finalised.
