List of Banks, Non-Bank Deposit-Taking Institutions, Money-Changers and Foreign Exchange Dealers licensed by the Bank of Mauritius as at 30 September 2015.

## OVERVIEW

### International Developments

**Economic growth in the US and UK continued to be relatively more robust than in the euro zone while advanced economies' central banks maintained their accommodative policy stance.**

The US economy grew at an annual rate of 3.9 per cent in 2015Q2, faster than previously estimated. The US Federal Open Market Committee (FOMC), at its meeting on 16-17 September 2015, left its target range for the Fed funds rate unchanged between 0 and 0.25 per cent. The decision rested on concerns that the surge in financial market volatility globally, following troubling economic conditions in China, could restrain economic activity and put further downward pressure on inflation. At its Governing Council meeting on 3 September 2015, the European Central Bank (ECB) held its main refinancing rate unchanged at 0.05 per cent and kept its €1 trillion sovereign-bond buying programme steady. The ECB lowered the euro zone growth and inflation forecasts for 2015, 2016 and 2017 on account of the economic slowdown in China and major emerging economies. In the UK, policymakers remained upbeat about UK growth prospects despite downside risks to the global economic environment. At its meeting on 9 September 2015, the Bank of England (BoE) Monetary Policy Committee maintained the Bank Rate at 0.5 per cent and its asset purchase programme of £375 billion. The BoE Governor Mark Carney said that there was a chance that interest rates could be increased in early 2016 if the UK growth remained robust and inflation picked up.

**In September 2015, currency markets were mainly influenced by changes in global risk appetite, in particular with respect to Chinese economic data and volatile stock markets.**

At the start of the month, the US dollar strengthened as global investors tentatively stepped back into equities. Thereafter, the US dollar fell on weaker-than-expected US economic data releases. After the US FOMC meeting, the US currency gained some ground following a speech by US Fed Chair Janet Yellen saying that an initial increase in the Fed funds rate later this year would still be appropriate depending on economic developments. The euro came under broad pressure at the beginning of the month after the ECB gave a sobering assessment of the euro zone economy and suggested that it might have to beef up its already massive stimulus program. However, the single currency got support from its relative safe haven appeal amid a retreat from risky assets as economic conditions in some emerging

economies deteriorated. In the second half of the month, the single currency tumbled on broad based strength of the US dollar and as inflation in the euro zone turned negative again, in September 2015. The euro traded at an average of US\$1.1231 in September 2015 – having touched an intra-month low of US\$1.1127 – compared to an average of US\$1.1137 in August 2015. The British currency rebounded after a weak start on the back of BoE policymakers' optimistic comments, but retreated towards the end of the month, as data revealed UK inflation fell back to zero in August 2015, prompting expectations that the BoE would wait until the second half of next year to raise interest rates. The Pound sterling traded at an average of US\$1.5335 in September 2015 – having touched an intra-month low of US\$1.5165 – compared to an average of US\$1.5596 in August 2015.

**During September 2015, equity markets around the globe retreated on concerns relating to the economic slowdown in China.** The MSCI Developed Markets Index, MSCI Global Equity Index and MSCI Emerging Markets Index went down by 4.9 per cent, 3.9 per cent and 3.3 per cent, respectively. The NASDAQ and Dow Jones shed 3.3 per cent and 1.5 per cent, respectively. Among the European market indices, DAX, CAC-40 and FTSE lost 5.8 per cent, 4.2 per cent and 3.0 per cent, respectively. In Asia, the NIKKEI, Shanghai Exchange Composite, Hang Seng and Bombay SENSEX tumbled by 8.0 per cent, 4.8 per cent, 3.8 per cent and 0.5 per cent, respectively, while in Africa, the JSE All Share Index (JALSH) gained 0.2 per cent.

**Energy and food prices remained at moderate levels in September 2015, albeit edging up marginally from their August 2015 levels.** Global oil prices rose on average, reflecting uncertainty about economic and oil demand growth in emerging market countries. ICE Brent Crude averaged US\$48.5 a barrel in September 2015, slightly up from US\$48.2 a barrel in August 2015. NYMEX WTI (West Texas Intermediate) crude oil averaged US\$45.5 a barrel in September 2015, up from US\$42.9 a barrel in August 2015. Global food prices remained subdued on account of ample supplies, amid broad based retreat in commodities. The Food and Agriculture Organisation's (FAO) Food Price Index inched up from its August low of 155.1 to 156.3 in September 2015 - still 18.9 per cent below its level a year earlier.

## Domestic Developments

**Tourist arrivals rose by 13.9 per cent to 89,422 in August 2015, from 78,475 a year earlier.** The year-on-year growth in arrivals reflected mainly increases from Asia (+32.5 per cent) of which India and China recorded 6.7 per cent and 63.6 per cent growth, respectively, and Europe (+15.1 per cent). Tourist arrivals from UK, France and Germany rose by 19.8 per cent, 5.8 per cent and 24.6 per cent, respectively. For the twelve-month period ended August 2015, tourist arrivals recorded an increase of 8.4 per cent compared to the corresponding period of 2014.

**Latest CPI data released by Statistics Mauritius showed that inflationary pressures in the domestic economy remained subdued in September 2015.** Headline inflation edged down from 1.3 per cent in August 2015 to 1.2 per cent in September 2015. Year-on-year inflation rose to 2.0 per cent in September 2015, from 1.1 per cent in August 2015, due to increases in the price of vegetables and other goods and services. The core measures of inflation remained contained in September 2015.

**Monetary aggregates grew at a faster pace in August 2015 than in the previous month.** Monetary expansion, measured by the year-on-year growth rate of Broad Money Liabilities (BML), accelerated to 12.3 per cent in August 2015, from 11.3 per cent in July 2015. Banks' credit grew at an annual rate of 5.5 per cent in August 2015, up from 3.8 per cent in July 2015. The annual growth rate of monetary base was 0.1 per cent in August 2015, compared to 6.1 per cent in July 2015.

**Effective September 2015, the Bank of Mauritius (Bank) started issuing Government of Mauritius Treasury Bills (GMTBs) of 91-Day, 182-Day and 364-Day maturities simultaneously, both for government cash flow requirements and liquidity management purposes.** The issue of the 273-Day Bills was discontinued. All the auctions of GMTBs held in September 2015 were oversubscribed. During the month, the Bank issued GMTBs for a total nominal amount of Rs3,600 million, of which Rs1,200 million was for liquidity management purposes. Net redemption of GMTBs for the period under review amounted to Rs570 million. The bid-cover ratio for the month ranged between 2.0 and 3.3 compared to a range of 2.3 to 2.9 for August 2015. The weighted yields on all three maturities, namely 91-Day, 182-Day and 364-Day, went up during September 2015. The overall weighted yield increased by 29 basis points from 1.67 per cent in August 2015 to 1.96 per cent in

September 2015. The auctions of the Ten-Year GoM Treasury Bonds and Three-Year GoM Notes (Re-opening) were also oversubscribed with bid-cover ratios of 2.2 and 1.2, respectively. The weighted yield on the Ten-Year GoM Treasury Bonds went up from 5.95 per cent in May 2015 to 6.03 per cent in September 2015. As for the Three-Year GoM Notes (Re-opening), the weighted yield increased from 4.09 per cent in August 2015 to 4.24 per cent in September 2015.

**The weighted average dealt selling rates<sup>1</sup> of the rupee depreciated, on average, against the euro and US dollar, but appreciated against the Pound sterling between August and September 2015.**

The average rupee exchange rates against the US dollar, the euro and Pound sterling were Rs35.461/USD, Rs39.864/EUR and Rs54.687/GBP, respectively, in September 2015 compared to Rs35.451/USD, Rs39.568/EUR and Rs55.556/GBP, respectively, in August 2015.

**The gross foreign exchange reserves of the Bank of Mauritius increased from Rs141,946 million at the end of August 2015 to Rs144,099 million at the end of September 2015.** Based on the value of imports of goods (f.o.b.) and non-factor services for the year 2014, the end-September 2015 level of gross official international reserves of the country represented 7.3 months of imports, up from 7.2 months of imports as at end-August 2015.

---

<sup>1</sup> The rates are calculated on the basis of transactions of US\$20,000 and above, or the equivalent in other foreign currencies, undertaken by banks and foreign exchange dealers.

## Prospectus TEN-YEAR GOVERNMENT OF MAURITIUS BONDS

Pursuant to the issuance plan dated 07 July 2015 and, in accordance with section 5 of the Public Debt Management Act 2008 and section 57 of the Bank of Mauritius Act 2004, the Bank of Mauritius is pleased to announce the auction of Ten-Year Government of Mauritius Bonds due on 11 September 2025 through an auction to be held on **Wednesday 09 September 2015**, for a nominal amount of Rs1,600 million for settlement on **11 September 2015**.

2. The Bank will receive bids for this auction on the same day, i.e. **Wednesday 09 September 2015**, on a **yield basis** quoted to two decimal places, in multiples of Rs100,000, on tender forms which are obtainable at its seat or on its website. Bidders may submit, for their own account up to a maximum of five bids, one for each bid yield, which, however, should not exceed the tender amount in the aggregate. Banks and/or Licensed Stockbrokers may also submit bids for the account of each of their customers on the same conditions. **All Tender Forms must bear the official stamp of the institution submitting the bid.**

3. Applications from individuals and non-financial institutions should be made through banks or licensed stockbrokers offering these services. Individuals may submit applications in their own names or jointly with another individual. Minors must, however, be represented by a legal guardian. Individuals must produce their National Identity Cards and a Utility Bill, e.g CWA, CEB, telephone bills etc, as proof of address. In case of minors, the original of birth certificates should be produced.

4. The completed Tender form(s) should be placed in a sealed envelope marked "Tender for Ten-Year Government of Mauritius Bonds" and should be deposited **in the tender box, marked 'A', for Government Securities, at the Banking Hall of the Bank of Mauritius, Bank of Mauritius Tower, Sir William Newton Street, Port Louis, before 10.00 a.m. on Wednesday 09 September 2015**. Banks may submit their bids through the Reuters Dealing System. The results of the auction will be announced on the same day and successful tenderers will be required to collect their letter of acceptance from the Bank and effect payment of the cost price of the Bonds through the Mauritius Automated Clearing and Settlement System (MACSS) at latest **by 11.00 a.m. on Friday 11 September 2015**. Payment of maturity proceeds and interests accruing on the Bonds by the Bank will also be made through the MACSS.

5. The Bonds will be issued dated **11 September 2015** and will mature and be redeemed at par by the Bank of Mauritius on **11 September 2025**. The Bank may, at its discretion, allow the Bonds to be redeemed or converted into other instruments at market rates prior to maturity.

6. The coupon rate for this auction will be set equal to or higher than the lowest accepted yield of the auction to be held on Wednesday 09 September 2015. Bidders whose accepted bids carry yields lower than the coupon rate will be required to pay a premium (over and above the face or nominal value). Successful bidders will in any case receive the yield that they specified in their bids.

7. Interest on these Bonds will be paid half-yearly on 11 March and 11 September by the Bank during the currency of the Bonds to the bank account of the registered bondholder(s) or any other person authorised by the bondholder(s). Interest will accrue on the Bonds as from 11 September 2015 on the nominal amount allotted and will cease on the date of their maturity.

8. The Bonds will be issued in Book-Entry form and records will be kept at the Bank of Mauritius. The Bonds may be freely traded and are transferable from one investor to another in multiples of Rs100,000.-.

9. The Bank of Mauritius reserves the right to accept or reject any bid either in full or in part, without assigning any reason in respect thereof.

<sup>1</sup> Excluding Agalega and Saint Brandon. <sup>2</sup> Revised. <sup>3</sup> Provisional. <sup>4</sup> Forecast.

<sup>5</sup> The National Accounts data are based on the 2007 Census of Economic Activities.

<sup>6</sup> Data as from 2005 onwards refer to all banks and are not strictly comparable with prior years' data.

<sup>7</sup> As from 2010, balance of payments includes cross-border transactions of GBCIs and are not strictly comparable with prior data.

<sup>8</sup> As from 2007, Gross Official International Reserves exclude the Bank's foreign equity participation in international organisations.

<sup>9</sup> As from 2010, data are no longer adjusted for claims on Global Business Licence holders and are not strictly comparable with prior data.

@ As from 2010, government finance statistics are compiled on a calendar year basis, that is, spanning from January to December. Prior to that, the financial year for government finance statistics spanned from July to June of the following year. As from 2008-09, government finance statistics are compiled using the IMF's GFS Manual 2001.

Note: Following IMF recommendations in January 2013, with effect from January 2010, liabilities to Central Government now include deposits of budgetary central government, extra-budgetary units and social security funds, as well as their holdings of Bank of Mauritius securities, which were formerly classified as "Deposits and Securities Other than Shares, Excluded from Monetary Base".

# As from 2009, data refer to end-December, instead of end-June for previous years. n.a.: not available

<sup>1</sup> The sectoral balance sheet contains the stock and flow data for all categories of assets and liabilities of the Bank of Mauritius based on the concepts and principles of the IMF Monetary and Financial Statistics Manual (2000).

<sup>2</sup> Following IMF recommendations in January 2013, with effect from January 2010, "Securities Other than Shares, Excluded from Broad Money" now include holdings of Bank of Mauritius securities by social security funds, which were formerly classified as "Securities Other than Shares, Included in Broad Money".

Figures may not add up to totals due to rounding.

<sup>1</sup> The Central Bank Survey(CBS) is derived from the sectoral balance sheet of the Bank of Mauritius. The CBS contains data on all components of the monetary base, which comprises the central bank liabilities underlying the monetary aggregates of the economy. The monetary base comprises all bank notes and coins in circulation and deposits of banks, non-bank deposit taking institutions and other non-depository corporations with the Bank of Mauritius.

<sup>2</sup> Following IMF recommendations in January 2013, with effect from January 2010, liabilities to Central Government now include deposits of budgetary central government, extra-budgetary units and social security funds, as well as their holdings of Bank of Mauritius securities, which were formerly classified as "Deposits and Securities Other than Shares, Excluded from Monetary Base".

Figures may not add up to totals due to rounding.

<sup>1</sup> The Other Depository Corporations (ODC) covers all institutional units, i.e. Banks and non-bank deposit taking institutions that issue liabilities included in the national definition of broad money. The Other Depository Corporation Survey (ODCS) is derived from the sectoral balance sheet of Other Depository Corporations.

<sup>2</sup> Following IMF recommendations in January 2013, with effect from January 2010, deposits of social security funds and extra-budgetary units, which were formally included in Broad Money Liabilities (BML), have been re-classified as central government deposits, excluded from Broad Money. Figures may not add up to totals due to rounding. Source: Statistics Division.

<sup>1</sup> The Depository Corporations Survey covers the accounts of the depository corporations and is a consolidation of the Central Bank Survey and the Other Depository Corporations Survey.

<sup>2</sup> Following MF recommendations in January 2013, with effect from January 2010, liabilities to Central Government now include deposits of budgetary central government, extra-budgetary units and social security funds, as well as their holdings of Bank of Mauritius securities, which were formerly classified as "Deposits and Securities Other than Shares, Excluded from Monetary Base".

<sup>1</sup> The SEM Total Return Index (SEMTRI) was launched on 3 October 2002 at 743.44 in Rupee terms, and 391.34 in US dollar terms (Base value as at 5 July 1989=100). The new index includes price earning ratios and dividend earnings, besides measuring price changes on listed stocks. The index has been worked back so as to provide the market's evolution over time.

<sup>2</sup> The SEM-7 started with an index value of 100 on 30 March 1998. As from 2 October 2014, the SEM-7 has been replaced by the SEM-10. The opening level of the SEM-10 was set at the closing level of the SEM-7 index on 1 October 2014.

<sup>1</sup> Effective April 2013, the new CPI is based on an updated basket of goods and services derived from the 2012 Household Budget Survey.

The base period is January – December 2012 = 100.

<sup>2</sup> Year-on-Year Inflation Rate for the period ended September 2015.

<sup>3</sup> Headline Inflation Rate for the twelve-month period ended September 2015.

Notes: (i) Year-on-Year inflation rate is computed as the change in the CPI for a given month compared with the same month of the preceding year in percentage terms.

(ii) Headline inflation is measured by comparing the average level of prices, as measured by the CPI, during a twelve-month period with the average level during the corresponding previous twelve-month period.

<sup>1</sup> Effective April 2013, Core inflation data are compiled using the new basket of goods and services derived from the 2012 Household Budget Survey.

Notes: (i) Headline inflation is measured by comparing the average level of prices, as measured by the CPI, during a twelve-month period with the average level during the corresponding previous twelve-month period.

(ii) CORE1 excludes "Food, Beverages and Tobacco" components and mortgage interest on housing loan from the CPI basket.

(iii) CORE2 excludes Food, Beverages, Tobacco, mortgage interest, energy prices and administered prices from the CPI basket.

(iv) TRIM10 truncates 5 per cent of each tail of the distribution of price changes.

December	94.263	94.376		94.011	93.815	

Notes:

(i) The Mauritius Exchange Rate Index (MERI), which is a weighted average of bilateral exchange rates for the Mauritian rupee, is a summary measure of the rupee's movements against the currencies of its important trading partners.

(ii) The choice of currencies has been influenced by the importance of the currency distribution of trade flows of Mauritius with the rest of the world.

(iii) Two indices have been derived: MERI1 and MERI2. MERI1 is based on the currency distribution of merchandise trade, while MERI2 is based on the currency distribution of merchandise trade and tourism earnings.

(iv) The base year of the MERI is January - December 2007 = 100.

(v) An increase (decrease) in the index indicates a depreciation (appreciation) of the rupee.
